## Who are we?

A growing reputation for delivering world-class events in southern New Zealand has seen tourism hub Transport World launch its own events and incentives company.

With TW Events & Incentives, you can expect the unexpected. Distinctly unique, TW Events & Incentives' two versatile venue options – Bill Richardson Transport World and The Handle Bar at Classic Motorcycle Mecca – are guaranteed to wow guests and make planning your event a breeze.

With an increasing number of organisations choosing to host their functions in Invercargill, the need to branch out into a standalone events and incentives company was clear.

From the quirky flourishes within our venues through to the catering and the way our team goes the extra mile, we are proving to people up and down the country they can expect an event that surpasses those held at venues in larger centres.

All our events are overseen by an experienced, courteous and obliging team who not only value their client relationships but also have a deep appreciation that every event is completely individual and different.

## What makes our venues special?

The unique ambience and back-story of our venues is bound to impress. The two venues pay homage to their automotive and motorcycling roots, and celebrate a Southland family legacy that has evolved through the generations.

Transport World executive director Jocelyn O'Donnell had a very specific vision in mind when creating the first venue, Bill Richardson Transport World. She wanted to honour her father's lifelong passion for trucks – and his love of sharing this passion with others – and envisaged housing what became a world-class collection within a purpose-built facility brimming with natural light and modern, state-of-the-art amenities. Many of the quirky flourishes found within the venue are thanks to her individual styling touch. Similarly, the attention to detail

and level of thought that has gone into crafting each detail at Classic Motorcycle Mecca is reflective of a vision to create unique, interesting venues that reflect and celebrate Invercargill's famed obsession with wheels.

Equally impressive is the team of events staff you will encounter throughout your experience with us. With combined decades of experience, our passionate team will be on hand to assist with all aspects of the event coordination process.

## What about food and beverage options?

Bluff oysters, Stewart Island salmon, locally-sourced beef and game – is your mouth watering yet?

Both TW Events & Incentives venues also offer exceptional food and beverage service, provided by the team at MASH Catering. Showcasing the best in southern fare from the ocean to the mountains, from canapés to a la carte dining, our fresh and flavoursome cuisine leaves mouths watering and guests raving.

Our exceptional food and beverage service is overseen by a team of capable and gracious staff dedicated to ensuring guests rave about our events long after the party ends. Catering is frequently cited as one of the (many) highlights of events held at our venues and guests can expect this to be of the highest standard.
